

SILENT DISCO HIRE

2024

PARTY@KISMETCABANA.COM

What is the Kismet Silent Disco?

Available for hire both at Kismet Cabana as part of our private party bookings or at your private venue. Our Silent Disco kit is a great way to take the party up a level, without annoying the neighbours!

Each pair of specially made Kismet Disco headsets can tune in to one, two or three separate channels of music at a simple press of a neon coloured button on their side.

Our transmitters connect into decks, laptops, iPods, iPhones which have a jack output, so you have the options of creating playlists for your guests yourself to play through each channel OR you could get a DJ along to do the hard work for you. We can happily source a DJ for the occasion - which would be an additional cost of course.

What you get!

- We have up to 100 pairs of custom made three track headphones available - charged and ready to go.
- One / Two / or Three Transmitters ready to receive audio sources.
- A private venue for your party to continue into the evening (carriages by 11.30pm)
- Fully licensed bar stocked with a lovely selection of drinks to enjoy
- Headphone Jack & Red/White transmitter cables for use with mixers / professional equipment

What's the Cost?

Our custom made three channel headsets are available for hire at just £6 each. For private Kismet Take-Over Parties our minimum rental volume is 30 pairs of headsets.

Bring your own music (three devices / inputs to jack required) OR we can help coordinate a DJ for your special event as an extra.

The Small Print...

For Private Parties at Kismet we have a minimum rental of 30 pairs as these are available for private party functions only.

All headphones must be returned & accounted for. Any headphones lost or broken will be charged at cost of £30 replacement fee.

For Private hire an additional 3 sets of headphones will be provided in case of breakages.

2) Confirm Booking with 50% Deposit (outstanding to be paid on on the day of your event) We will send you details.

We are happy to discuss your ideas & plans to make your day as special as can be!
